Email: ussash93@gmail.com

Phone: +8801303078823

RESEARCH INTERESTS

I'm dedicated to exploring the synergy of machine learning and data science, focusing on practical data-driven solutions and interpretable models to extract insights from diverse datasets, enabling informed decision-making.

Keywords: Machine learning, Data mining, Artificial Intelligence, Adversarial Machine Learning, Cyber Security, Human AI interaction.

CURRENT APPOINTMENT

Bangladesh Rural Electrification Board, Dhaka, Bangladesh

Jan. 2022 – present

Assistant General Manager, Dept. of Information Technology

Dissertation: Working with large amount of consumers' data regarding electricity consumption, billing, load management and GIS related data

EDUCATION

Rajshahi University of Engineering and Technology(RUET)

2015-2019

Rajshahi, Bangladesh

Department Computer Science and Engineering

CGPA: 3.13(Out of 4.00)

PROFESSIONAL EXPERIENCE

Samsung, Bangladesh

Dec. 2017 – May. 2018

Brand Ambassador

Dissertation: Developed new marketing strategies for Samsung Smartphones and performed various tasks given by the Company

Microsoft - Young Bangla Internship Program

Oct. 2018 – Nov. 2018

Intern

Dissertation: Learned how to generate ideas to commence a start-up, develop revenue models for various types of start-up ideas and worked with new business idea.

UNDERGRADUATE THESIS (Published a Conference Paper on that)

Title: Detecting Liver Cancer from Online Search Logs

Supervised by: A H M Sarowar Sattar, Professor, Department of CSE, RUET

Objectives:

- Finding new ways to detect chronic diseases at an early stage
- Collected Data from various sources and prepared final dataset containing symptoms and their time of being searched on search engine by user
- Differentiated the symptoms and their search timings according to the stages of liver cancer and Applied various machine learning techniques on them
- Compared their performances based on various performance indices

STANDARDIZED TESTS

Graduate Record Examination(GRE)

- Total Score: 307
- Quant: 159
- Verbal: 148
- AWA: 3.0

International English language Testing System(IELTS)

- Overall Band Score: 7
- Listening: 8
- Reading: 7
- Writing: 7
- Speaking: 6.5

AWARDS AND CERTIFICATES

- CCNA (Cisco Certified Network Associate)
- edX Honor Code Certificate for Statistics and R, Valid Certificate ID [5560979de0664437b62064de3dd77aec](#)
- Champion in Poster Presentation at Inter University Science Festival-2017 held at RUET on November 30, 2017.
- Awarded for Participation on Idea Contest (Poster presentation) at Technovanza-2016 in North South University
- Awarded for Participation on Idea Contest (Poster presentation) in Inter University Science Festival-2017 held at RUET on November 30, 2017.
- Certificate of Participation in Poster Presentation at ESONANCE-2017 in Islamic University of Technology (IUT), Gazipur.

PUBLICATIONS

Conference Publications

TECHNICAL TRAININGS

- **Mobile Game graphic design under capacity building for mobile game development program**
Ministry of Posts, Telecommunications and Information Technology, Bangladesh
Designed 2D and 3D game objects using Blender
- **Advanced mobile game development under capacity building for mobile game development program**
Ministry of Posts, Telecommunications and Information Technology, Bangladesh
Developed a Game named "Infinity Run" using Unity and the scripting language was C#
- **GIS(Geographical Information System) Mapping of Electricity Distribution Network using ArcGIS**
Bangladesh Rural Electrification Board, Dhaka, Bangladesh

LEADERSHIP QUALIFICATIONS

- Moderator and Head of Internal Communication in Project Alokito Shishu(Ensures Education for street children)
- Organizer of Cultural Programs for Department of CSE,RUET
- Organizer of Mathematics and Physics Olympiad with more than 1000 participants
- Vice President of Greater Kushtia Association of RUET
- Performing on stage (Acting in Drama)
- Playing cricket (Runner-up in Inter School Cricket Tournament, Captain of Department of CSE,RUET and Champion of the Inter Department Cricket Tournament at University)
- Playing Soccer(Champion of Inter Department Soccer Tournament at University)

SOFTWARE SKILLS

- Programming Languages: C, R, Python
- Database: MySQL, ORACLE
- Tools: RStudio, ArcGIS, Unity, Blender, Packet Tracer
